Introduction

This book is a collection of common old time fiddle tunes. These are tunes you will hear played at many Bluegrass and Old Time music jams. The tunes collected here in Volume 1 are designed for beginning and intermediate level players. Volume 2 of this series are more advanced versions.

The tunes are written in standard music notation and mandolin tablature. Each instrument plays the same notes. This way, both instruments can learn the same version of the tune and play them easily together.

The standard music notation is on the top staff and the mandolin tablature is on the bottom staff.

The mandolin tablature (sometimes abbreviated *tab*) represents the four string pairs on the mandolin. When you see a number, it means play that string at that fret. Thus, in the tablature above, the first note is 5 on the D string. That means play the fifth fret on the D string. If you have any trouble reading standard music notation or mandolin tablature, I suggest purchasing one of the good instruction books on the market.

Some tunes are very easy, some more difficult. When learning each tune, play through the music slowly, and fiddlers, closely watch the bow directions!

I would appreciate any comments you may have on this book. Drop me a line at the address on the next page.

Thank you and good music to all.
